

ANOTHER DRINK (WILL MAKE IT BETTER)

*Everything is on the Fritz, "ahahah"
Think my life is cursed, "ahahah"
Can't hold still to shave, "ahahah"
Don't get me started about work, "ahahah"
My girls with my best friend
My car went round the bend, "ahahah"
The bank sent another letter,
Another drink will make it better "ahahah"*

**Love people & danger,
Wanna go someplace stranger,
I know how you think
Lets have another drink
I am a true believer,
Another drink will make it better,
Another drink will make it better,**

*I came off the rails, "ahahah"
Same mistakes again & again, "ahahah"
I'll deal with it all tomorrow, "ahahah"
Breaking down now & then, "ahahah"
My team lost, I told the boss
Where he could place his job, "ahahah"
And I'm really pissed with this weather,
Another drink will make it better "ahahah"*

*Take me out somewhere,
It gets too much here,
In the early hours of the never, never,
When I get a chance, I'm gonna go there,
Refresh my self with something wet, "ahahah"
Another drink will make it,
Another drink will make it,
Another drink will make it better "ahahah"*
